Tribufos (DEF, Folex) Recommended Permit Conditions

Introduction	Approved tribufos labeling states, “(Tribufos) may not be applied within seven days of harvest.” The Department of Pesticide Regulation considers this enforceable pre harvest interval language. Any harvesting taking place within seven days of the application is in violation of Food and Agricultural Code section 12973 (use in conflict with labeling).
Permit condition language	No employee shall be directed or allowed to conduct any activities that may involve human contact with foliage, within the treated area, until seven days after an application of tribufos.
Former title of this section	Recommended Permit Conditions for S,S,S-tributyl phosphorotrithioate (DEF, Tribufos)
